

Rainier Beach Community Club – Board Meeting – 5/26/2015

Commenced at 7:05pm

Art Installation

Spoke about the Peter Reiquam art installation that will be going in at the Rainier Ave bend.

Boy Scouts

Jeff McGraff wrote us on behalf of the Baden-Powell Scouts. They are an inclusive affiliate that meets the first and third Monday of the month from 7pm – 8:30pm. There are approximately 20 youths involved dedicated to bettering themselves and their community. Unfortunately the group can no longer use their current space and needs to find a new place to sponsor them and allow them to meet.

After a lengthy discussion, the board decided that, while everyone was in general agreement that we would like to support the scouts, more information about sponsorship was needed before we took a vote. The matter was tabled. Su said she would contact the manager to find out if there was flexibility in the meeting time and what else is involved in being a sponsor.

Committees

A time for the building committee was organized between Su and Sally.

1st Aid Grant

We got it! The supplies were waiting for us when the Board commenced the meeting.

Garden Tour

Still on, no other announcements to make about it.

Next Events

Art walk is going to be the first Saturday in September.

Discussed possibly doing a community yard sale. But we recognized that someone on Nextdoor was already doing this. Matt volunteered to reach out and see if the organizer would like to share this at the next Club Meeting.

Corner bar and wine events were both discussed. After a great deal of talking about which type of event to pursue, it was agreed that we should focus on trying out the wine event.

Sally, Alan, and Matt agreed to work together and see if we can get an event organized for September 19th.
